A versatile developer who is well-versed in front-end, back-end as well as interactive web design. Able to work efficiently with strong organizational skills and attention to detail based on years of experience as a marketing specialist. Passionate about learning and able to adopt new skills quickly.

SKILLS

Languages : Javascript, HTML, CSS, SQL
Framework & Library : React.js, Node.js, Express, EJS, Socket.I.O, jQuery, ajax, React-redux
Database & System : PostgreSQL, MongoDB, Git
Design Tool : Figma, Adobe Illustrator
Test : Jest, Cypress, Mocha, Chai

PROJECTS

Lighthouse-town
- Developed a gamification chat app that allows users to chat and move their avatars in real-time
- Integrated Socket.I.O library which allows bidirectional Websocket connection for chatting and sharing all avatars' locations in real-time
- Utilized Javascript class and instance for creating avatars and created React.js reusable components for each chat room
- Tech stack : React.js | Node.js | Express | HTML Canvas | Socket.I.O | PostgreSQL | Heroku

Pick The Dishes
- Developed a food ordering and order management app for a restaurant with an SMS notification function
- Structured PostgreSQL database, designed RESTful API to get food data and store order data to the database and utilized third-party API to implement an SMS notification function
- Tech stack : Node.js |Express | EJS | PostgreSQL | Twilio API | Axios | ajax | Sass | Heroku

Shoes Market
- A front-end e-commerce site for shoe shopping with a responsive design
- Utilized Redux to manage the number of items in the cart and leveraged localStorage to store recently viewed items
- Tech stack : React.js | Redux | React-router | CSS

EXPERIENCE

Volunteer in a local business *BIONE LIFE LTD. BC, Canada*
- Created an e-commerce website by using Shopify and designed marketing design content with Figma

Early Childhood Educator – BC, Canada, 2020.02 - 2022.01
- Planned and implemented class lectures and organized class events, communicating with parents

Marketing Specialist and Finance Advisor - National Agricultural Cooperative Federations, South Korea
2014.01 - 2019.05
- Organized marketing strategies and events under tight deadlines which contributed the corporation to be placed 1st among 4,000 federations
